REQUIREMENTS FOR FENCE PERMIT
RESIDENTIAL PROPERTIES ONLY

1. Application for a fence permit in duplicate. (both in this packet).
2. Two (2) surveys or two (2) plot plans each indicating proposed location of fencing and proposed height(s).
3. Two (2) copies of owner's affirmation form each signed and notarized. (both in this packet).
4. A full set of insurances from the licensed fence erector. (See enclosed insurance information).
5. The fee for a new fence is based on linear footage. Minimum submission fee is \$62. An exact application fee can be calculated at time of submission or prior to permit issuance. The Town does not accept credit cards at this time. Personal or corporate checks, bank checks, or money orders are accepted as payment. A fee of four (4) times the normal fee must be charged for legalizing a fence erected without a permit.
6. A Short Environmental Assessment form (included) must also be submitted.

Notes:

- A general contractor may not install a fence. Only fence erectors licensed with the Town of North Hempstead may erect a fence.
- If a homeowner wishes to personally install a fence on their own owner-occupied property, they must file a BP-1(12/08) Affidavit of Exemption.
- The homeowner assumes all risks related to the erection of fencing on their property. We highly advise a surveyor stake out your property lines before any fencing is erected, either by a licensed fence erector, or by the home owner.
- Please refer to § 70-100.2.A - "Accessory Structures" of the Town Code for most regulations regarding fence height and location.
- The attached location and allowed height diagram enclosed should answer most questions. Please see us if you have any other questions.
- Six foot high fencing is required for in-ground pools and requires a licensed fence erector for installation. The total six foot fence enclosure of the pool is conditional on the existence of the in-ground pool. Should the in-ground pool be removed in the future, portions of the fence may have to be reduced in height.

PART III - DETERMINATION OF SIGNIFICANCE (To be completed by Agency)

INSTRUCTIONS: For each adverse effect identified above, determine whether it is substantial, large, important or otherwise significant. Each effect should be assessed in connection with its (a) setting (i.e. urban or rural); (b) probability of occurring; (c) duration; (d) irreversibility; (e) geographic scope; and (f) magnitude. If necessary, add attachments or reference supporting materials. Ensure that explanations contain sufficient detail to show that all relevant adverse impacts have been identified and adequately addressed. If question D of Part II was checked yes, the determination of significance must evaluate the potential impact of the proposed action on the environmental characteristics of the CEA.

<input type="checkbox"/> Check this box if you have identified one or more potentially large or significant adverse impacts which MAY occur. Then proceed directly to the FULL EAF and/or prepare a positive declaration.	
<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above and any supporting documentation, that the proposed action WILL NOT result in any significant adverse environmental impacts AND provide, on attachments as necessary, the reasons supporting this determination.

TOWN OF NORTH HEMPSTEAD
INSURANCE AND LICENSE REQUIRMENTS FOR A PERMIT

The Town of North Hempstead, Nassau County, and the State of New York, require that **NO** building permit may be issued until all current insurances and license information is presented for each permit.

FOR ALL CONTRACTORS: BEFORE EACH PERMIT CAN BE ISSUED), we require a copy of your current **Nassau County Home Improvement License** (this Nassau license is not necessary for commercial jobs or new home construction). Plumbers or Electricians need a copy of their current license. Proof of Insurance shall be submitted by all contractors, as follows: (a) Proof of Commercial General Liability insurance with completed operations (plus X.C.U. when applicable), to which the Town of North Hempstead has been added as additional insured; (b) Certificates or affidavits approved by the State Workers' Compensation Board pursuant to State Workers' Compensation Law § 57 (2) evidencing proof of workers' compensation insurance or proof of the applicant not being required to secure same; and (c) Certificates or affidavits approved by the State Workers' Compensation Board pursuant to State Workers' Compensation Law § 220 evidencing proof of disability benefits insurance or proof of applicant not being required to secure same.

STAND-ALONE PERMITS (such as plumbing, signs, fences, trees, etc; (any work not connected to a building permit), where there is a short review process must have all insurances attached at time of application submittal, or they will not be accepted). Explanation: Although the Town keeps computer records, records do not always reflect current coverage, so we require copies of all insurances at time of permit application to prevent any unnecessary delays. For submittals that will take longer to review (such as an addition, alteration, or new home), insurances don't have to be submitted until just before a permit is issued.

HVAC PERMITS will only be issued to companies, individuals, or plumber's that hold a Nassau County General Contractors License or a Nassau County Home Improvement License that includes HVAC work. A Nassau County license that states "Air Conditioning" or "Heating & Air Conditioning" is fine. We will be glad to check with Nassau County if there is a question as to coverage for HVAC work.

A **HOMEOWNER** can serve as his own GC on some work if it is only in the home that he currently occupies, using a **BP-1 form**.

A homeowner may also do plumbing work (except any gas related work) on his owner occupied home as well, but must first take a competency test we can provide upon request.

For a **Demolition permit**, a Nassau County Home Improvement License is required unless the entire foundation is removed and a NEW C/O will be issued.

Liability insurance is usually submitted on a standard "Accord" form. Some other forms may be acceptable. (Please note: by New York State Law, we can not accept NYS Disability and NYS Worker's Compensation coverage on the Accord form). What we can accept is stated below:

NEW YORK STATE INSURANCE REQUIREMENTS – General Municipal Law §125, WCL §57 & §220

The Workers' Compensation Law requires that before a New York State or municipal agency, department, board, commission or office issues any permit or license, they must be provided with the completed forms as shown below prior to permit issuance. This applies to all businesses with employees.

- 1) **Form BP-1 (12/08)** Affidavit of Exemption to Show Specific Proof of Workers' Compensation Insurance Coverage for a 1, 2, 3 or 4 Family, **Owner occupied Residence** (This is the **ONLY** form available from the Town of North Hempstead). This form is used by a homeowner who will be doing most of the permit work himself, with no or minimal assistance of up to a total of 40 man-hours per week. This form must be signed and notarized.
- 2) **Form CE-200** from **Group A** attesting to no need for either or both Workers Compensation and Disability Benefits Coverage (Note: If the CE-200 form does not exclude BOTH Workers Compensation and Disability Benefits Coverage you must supply a form from Group B and/or C that proves you have the coverage not exempted by the CE-200). This CE-200 form must be submitted with a specific site address for each permit, and the expected duration of the job. The form must have an original signature and date. No copies of this form will be accepted. If the CE-200 is not used or only partially used, then see #3 below
- 3) A form from either or both **Group B and Group C** (which has not been exempted by the CE-200 form).

The **ONLY ACCEPTABLE** forms are as follows:

Group	Form No.	Description
A	CE-200	Certificate of Attestation For New York Entities With No Employees and Certain Out of State Entities That New York State Worker's Compensation and/or Disability Benefits Insurance Coverage is Not Required.
B	C-105.2 (9-07)	Certificate of Worker's Compensation Insurance
B	SI-12 (10/03)	Certificate of Worker's Compensation Self Insurance
B	GSI-105.2 (2/02)	Certificate of Participation in Worker's Compensation Group Self Insurance
B	U-26.3	New York State Insurance Fund Certificate of Work's Compensation Insurance (For demolition work, this form <u>must</u> state that demolition coverage is included)
C	DB-120.1 (5/06)	Certificate of Disability Benefits Insurance
C	DB-155 (1/98)	Certificate of Disability Benefits Self-Insurance

Effective September 9, 2007, all out-of-state employers with employees working in New York State are required to carry a full, statutory New York State workers' compensation insurance policy. An employer has a full, statutory New York State workers' compensation insurance policy when New York is listed in Item "3A" on the Information Page of the employer's workers' compensation insurance policy. It may be appropriate to contact your insurance broker, carrier or agent, check with your trade association, or conduct additional research to find the most appropriate insurance coverage for your company. In addition, a New York State workers' compensation policy may be obtained from the New York State Insurance Fund by calling 1-888-875-5790 and a disability benefits insurance policy may be obtained from the New York State Insurance Fund by calling 1-866-697-4332.

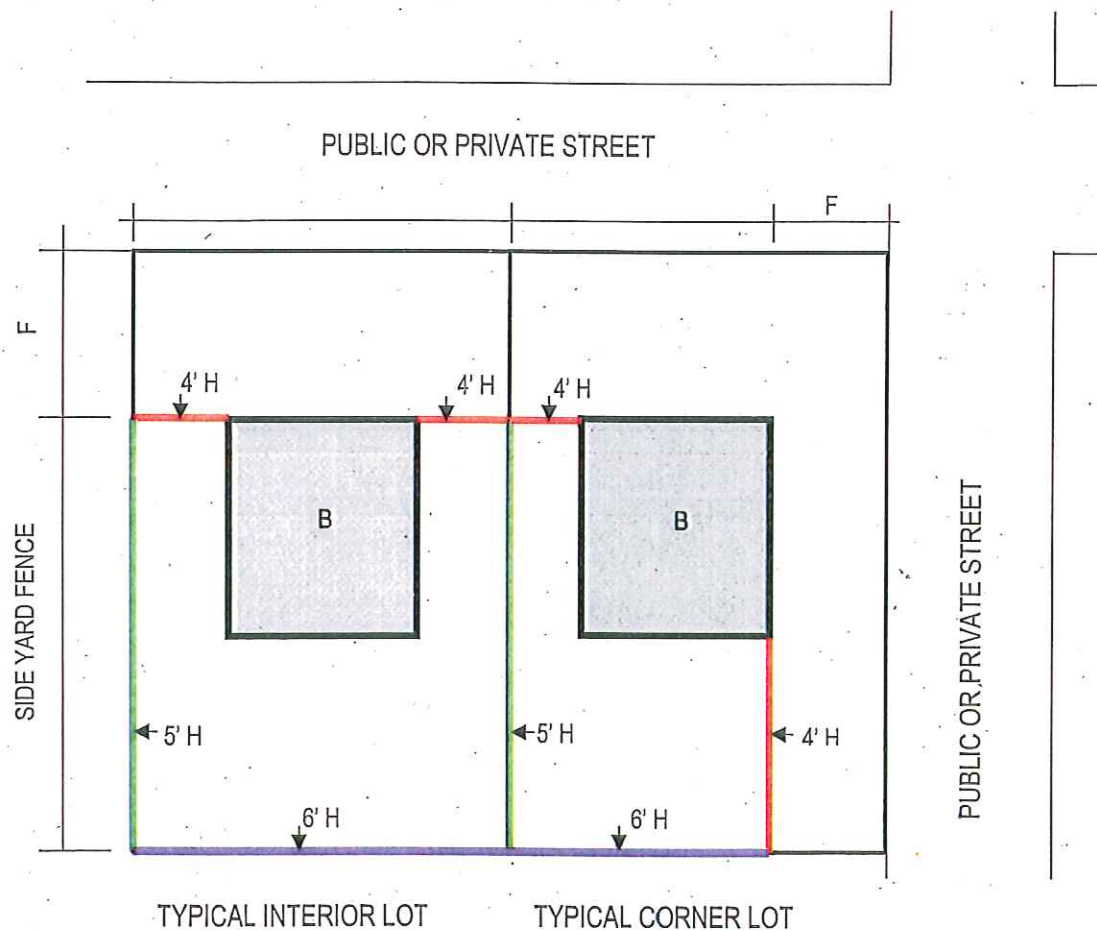

LOCAL LAW 1 OF 2011
RESOLUTION NO 46-2011
ADOPTED BY THE TOWN BOARD ON JANUARY 25, 2011

CHANGE TO PERMITTED FENCE HEIGHTS IN RESIDENCE DISTRICTS

This amends the permitted height restrictions for fences in residence districts as set forth in Section 70-100.2.

- maintains the four-foot maximum fence height at the front building line
- permits a five-foot maximum fence height along the side property lines, but not forward of the building line established by the front of the dwelling
- permits a six-foot maximum fence height at the rear property line
- fences located at any point in the area between a public or private street and the nearest effective building line are still prohibited

This schematic is to be used in conjunction with the above reference Town Board Resolution and/or Chapter 70 of the Town Code. It is not to be relied upon as a sole reference.

B = Building (House)

F = Front yard forward of the building line as established by the front of the dwelling
